<b>Total Expenditure</b>	<b>Box B €</b>

### Notes

\* Please remember net earnings are income after tax and government deductions, but before any deductions for credit union, a debt, pension or health insurance etc.

You can use the notes section on the next page to provide a breakdown of any high cost items, such as, second or third property costs, medical or transport costs.

Any proposals you make must be affordable to you and manageable over time. When making VOLUNTARY proposals, the Reasonable Living Expenses (RLE'S) figures available at [www.isl.gov.ie](http://www.isl.gov.ie) are a useful guide to minimum figures.
